

MOTION BY SUPERVISOR DON KNABE

October 22, 2013

Amendment to Item 7

It is imperative that Los Angeles County's Workers' Compensation Third Party Administrators (TPAs) meet their contractual obligations. Every dollar that the County pays in Workers' Compensation claims is a dollar that could be used for other critical services for its residents.

The Chief Executive Officer implements performance audits that identify problematic TPAs and substandard levels of claim handling procedures. While the current TPAs have performed at acceptable levels, it is imperative that the criteria of the audit also be reflective of improprieties related to these public funds.

I, THEREFORE, MOVE that the Board of Supervisors direct the Chief Executive Officer to incorporate audit criteria which includes any known criminal activity, negligence, and overall contract compliance.

I, FURTHER MOVE that the Chief Executive Officer provide a bi-annual report to the Board on the existing TPAs performance for each year of the contract including the criteria listed above. This report should include any corrective actions that should be implemented in areas of concern or where further improvement is needed.
